Project Demo Planning

Project Demonstration

Project: Global Fuel Prices and Taxation Trends | Prepared: 25 October 2026 | Owner: Rudraraj Singh Bhati

Target recording duration: 5–7 minutes. Recommended final target: approximately 6 minutes 30 seconds.

No.	Demo section	What to show	Duration	Responsible
1	Introduction / problem	Title, author, problem and audience.	0:45	Rudraraj Singh Bhati
2	Data and preparation	CSV fields, data coverage, quality checks.	1:15	Rudraraj Singh Bhati
3	Dashboard	KPI cards, map, trends, taxation/comparison charts; change filters.	1:35	Rudraraj Singh Bhati
4	Story	Navigate the 7 scenes and highlight conclusions.	1:10	Rudraraj Singh Bhati
5	Web integration	Flask/HTML homepage, embedded dashboard and Story if verified.	0:40	Rudraraj Singh Bhati
6	Conclusion	Summarize outputs, limitations, and future work.	0:35	Rudraraj Singh Bhati

Demo flow

Step	Activity	Notes
1	Introduction and problem statement	Say project title, your name and scope.
2	Solution overview	Explain dataset, data quality and Tableau components.
3	Live feature demonstration	Open published dashboard; test a filter; navigate Story; show website if functional.
4	Q&A / closing	State findings carefully and mention limitations.
